PROJECT BASICS

- Grant agreement no.: Nr. 2017-1- LV01-KA202- 035483
- Title: IMPROVING THE PROFESSIONAL SKILLS IN GREEN CONSTRUCTIONS THROUGH ONLINE TRAINING
- Duration: 1 September 2017 – 31 August 2019
- Programme: ERASMUS+
- Participating countries: Hungary, Latvia, Bulgaria, Germany
- Website: www.gcproject.rta.lv

OBJECTIVES AND TASKS OF THE SURVEY

Climate change and growing competition are among the major challenges facing the Member States of the European Union. The construction sector is gradually embracing the idea of building sustainable buildings as an investment linked to ecology and efficiency and part of the overall concept of sustainable development. Green Building combines a wide range of techniques and practices that aim to reduce and ultimately eliminate the impact of newly built buildings on the environment and human health.

1ST TRANSNATIONAL PROJECT MEETING

The 1st partners meeting of the project took place in Rezekne, Latvia, on 12 - 14 October 2017, hosted by the project partner - Rezeknes Tehnologiju akadēmija.

During the meeting project partners discussed and unanimously agreed the following key points:

- Presentation of the partners.
- Presentation of the project objectives.
- Adopting a schedule of activities.
- All the findings from partners countries helped the team to develop this project and to define the next steps of the project.

The participants in the meeting had the opportunity to get acquainted with the material base and the scientific activity developed by the Rezeknes Technologiju Akademija (RTA)

FORTHCOMING PROJECT ACTIVITIES

1. Presentation the education and training system in partners countries.
2. Preparing and conducting a survey among employers and workers in the construction field on "green construction".
3. Results analysis from a survey conducted.
4. Preparation of survey inquiries among employers and workers in the field of construction.
5. The next meeting will take place on 22-23.03.2018 in Bulgaria, hosted by Veda Consult EOOD.
